To All Departments:

The Joint Committee on Printing herewith invites the submission of constructive suggestions and recommendations relative to the revision of its regulations, preparatory to the issuance of "Government Printing & Binding Regulations No. 19."

In formulating your replies, it is suggested that you do not lose sight of the findings reflected in the report on our study of the Federal Printing Program, together with their correlation to the current project of revising and codifying Title 44, U.S.C., as well as the initiation of a national program whereby regional commercial printing procurement centers have been, are being, and will continue to be established.

It will be appreciated if all responses are forwarded to the attention of Mr. John F. Haley, Staff Director, Joint Committee on Printing, not later than February 1, 1968. This will afford a reasonable period to arrange for a conference on February 14, 1968, at which departmental and committee staff representatives will discuss the proposed changes. Understandably, we will continue on the second day if need be to complete the total agenda, and I hope this meets favorably with your busy schedule.

Yours very sincerely,

Carl Hayden
Chairman
